Perhaps the raid on Dutch Harbor on one of the Alaskan islands was a good thing. Our people had begun to feel complacent again after the R.A.F. raids on Cologne and Essen, and had reverted to the idea that somebody else would win the war. In our opinion, we had better awaken and STAY AWAKE, for this war is not won by a daisie, far from it.

Being lulled into a feeling of false security by some little victory is just what the Axis wants. Axis wants us to relax and to become complacent.

The carpenters' union office near the port house yard is another place about Grenada, so is the office down on Cherry Street.

While we would not take our fill of water unnecessarily from a thirsty flower, we believe it would be a mistake for the City of Grenada—with the greatly increased demands for water for human consumption—to follow its usual custom of giving a limited water during the summer months. Human needs are, or should be, superior to flower needs. Not to be hiding under any peck measure, I always voted against the practice when I was on the City Council.

Mrs. Arthur Kettle is welcomed to our growing list of subscribers.

Overoptimism concerning the outcome of the war is worse than undue pessimism. If our interest flags every time our side scores a run, we are going to lose. Nine bloody innings must be played.

Private Fred Chamberlain, Air Corps, has been transferred for special training to Chaumont Field for about two months, after which he is expected to return to his home base at Keesel Field, where he is an instructor. Of course, the GCV will follow him.

Operations at the camp are so intense that it is practically impossible for an individual to grasp what the hell is going on.

The sheriff's force, thru arrests of gamblers, bootleggers, etc., has helped materially in keeping the county finances in better shape. As we recall, about \$800 was the sum turned into the General Fund last month.

## COUNTY HEALTH UNIT ESTABLISHED IN GRENADA; DR. F. L. MCGAHEY IN CHARGE

At its meeting Monday, the county board of supervisors agreed to finance a County Health Unit to the extent of about \$7,000, or whatever amount would be yielded by a one and one-half mill levy upon all taxable property in Grenada County, while the city agreed to furnish quarters, heat and light for this unit.

Dr. F. L. McGahey, native of California County and well known in Grenada for his professional ability and for his good citizenship, was appointed head of this unit.

Quarters have been obtained in the offices formerly occupied by Grenada Club on the second floor of the Health Building. Dr. McGahey is on the job, and the organization will soon be implemented with adequate personnel, including whatever nurses and doctors and clerks are necessary to do a good job.

It is estimated that the total cost of the unit will be about \$20,000 to \$25,000, which cost will be met by the county's \$7,000 and supplemented by the State Health Department and the Federal Government. The board of supervisors agreed that the county will not be a net contributor to the health unit, but will be a net beneficiary.

Dr. McGahey said that the unit will be done away with as the county's health is improved with the coming of a new era of a health unit.

It should be most emphatically emphasized from the beginning that this unit in no way seeks to supplant the local physicians. No member of the County Health Unit should be called to wait upon an ailing person, for no one will be sent UNLESS the private physician first notifies the unit that a bad sanitary condition exists in that home of community or that an incident of epidemic of contagious disease should be suppressed.

At the beginning of the program, the matter of sanitation and venereal diseases will engross the attention of the unit. All handlers of food, whether waitress, butcher, baker or whatnot, must be examined at such intervals as the judgment of Dr. McGahey dictates.

All restaurants and other places purveying food must receive inspection from front to back as often as Dr. McGahey deems expedient. Each establishment which passes the inspection and all whose employees pass inspection will receive some form of official certification; those who do not will not receive such approval.

No individual will be treated for contagious diseases, venereal or otherwise, unless and until the private doctor certifies that the individual is unable to pay for treatment by private practitioners.

This Health Unit will take over the duties heretofore performed by the Clinic, which each Tuesday treats all selectees who have venereal disease.

As soon as the organization is perfected, this Grenada County Health Unit will perform ALL of the duties imposed upon it by State law—which duties are many. Until organization is more completely perfected, Dr. McGahey seeks the indulgence of the people of this section. He hopes to have things "popping" within ten days or two weeks.

Beginning June 16, the Mississippi War Savings Staff will conduct a statewide "Victory Pledge" survey as a part of a national war savings census to enable the government to determine "where the money is coming from and how much and when to expect it."

Although the campaign is conducted on a purely voluntary basis, it is hoped that every earner in Grenada county will pledge a regular portion of each pay-check as an investment in Victory, states L. J. Doak, Grenada county chairman.

Pointing out that many people in Grenada county are already buying War Bonds and Stamps regularly, Mr. Doak explains that "whether you are buying or not, Uncle Sam wants you to join on the dotted line so that an exact estimate of future War income can be determined."

War savings quotas throughout the country are being raised to 10 percent of the National income this month and the pledge campaign is being conducted to help reach this amount.

"I know we can count on the people of Grenada county to do their part to 'Keep 'em Flying' by investing a regular portion of their earnings in War Bonds and Stamps," said Mr. Doak.

"I feel sure," he added, "that we will sign up 100 percent and show Uncle Sam that we are wholeheartedly supporting our boys in uniform."

Declaring that "everything is in readiness" to begin the campaign in Grenada county, Mr. Doak asserted that "we want to give everyone in the county a chance to sign up. However," he said, "I want to emphasize that the pledge you take is entirely voluntary."

## Boushe Family Say Good Bye To Ancestral Home

The Boushe family gathered at the old home place in Beat 2 on Sunday last, as guests of Mr. and Mrs. W. E. Boushe.

The family is relinquishing their property soon for army camp and this gathering was for sentimental reasons. All about us we see people doing things they never expected to do; we see people here from New England and from Oregon working for their country. We see, as in the Boushe family, the Campbell and Thomas family, folks giving up their homes and moving to less attractive and higher priced places than their own beloved homes. We see young women from over the South land coming to Grenada to work in defense school, paying \$30.00 a month for a room and eating at restaurants they cannot afford—and it's all for love and loyalty of their country.

They will not get rich in dollars and cents doing these things, but they are proving their worth as Americans, and we are proud of them.

## McLeod To Speak Here Sunday

Dr. R. L. McLeod, former pastor of the Presbyterian Church in Grenada, and now President of Centre College, Danville, Kentucky, will preach at the Presbyterian Church here at 11 o'clock on next Sunday, June 6th.

Dr. and Mrs. McLeod will arrive in Grenada Friday, and will be guests of Mr. and Mrs. A. M. Carothers.

## U. S. N. Notice

Naval officers of the first World War who are physically fit to perform duty are invited to make application for Naval commissions in the present war, according to announcement received from Commander F. C. Huntton of New Orleans, Director of Naval Officer Procurement in the Eighth Naval District.

Commander Huntton said appropriate rank will be awarded, and proper consideration given to waiver of physical defects. Those with commission or officer experience in the Navy at other periods also are needed, he said, and will receive the same consideration.

Former Naval officers desiring to re-enter the service should, if convenient, call in person at one of the branch offices of the Naval Officer Procurement in Houston and Dallas, Texas; Birmingham, Ala.; Nashville, Tenn.; and Oklahoma City, Okla.

If unable to call in person at one of these branches, they should write to the Director of Naval Officer Procurement, 217 Camp Street, New Orleans, La.

## "Soldiers A. P. O."

Whenever a soldier's mail is sent to the Postmaster at N. Y. City, A. P. O. it's a sign that that particular soldier is in foreign lands. Our readers will learn with concern that Pvt. Edgar Brunson, son of Mr. and Mrs. W. E. Brunson, of Grenada, and Cpl. McLaughlin, son of Mr. and Mrs. G. W. Butler, of Grenada, are beginning this week to receive their mail through the N. Y. A. P. O. McLaughlin is an aerial photographer.

Thus Grenada Grows.

## BIRDS

By Mrs. W. W. W.

Regardless of how much they enjoy it, birds are not too fastidious about their bath. My yard, as seen from the dining room windows, is alive with feathered friends early every morning, and it's fun and peacefulness and subject for silent contemplation just to have them there.

The bird bath, built of pipe and shallow basin is patronized occasionally, but the old aluminum pan, centered with two red bricks which rests beneath the faucet, is the choice place for a cool drink and flutter bath. There are two wily blue jays who cock their heads in every direction before hopping to the rim of the pan. The meek little blackbird, very much like a wren, only black. Then there are several red birds, so shy and lovely and such lovely color, who bathe quietly and flutter away before the heat of the day. One proud strutting Robin Red breast wades in his bath, picking bugs as he strolls along. He is a regular bath taker, and quite a dandy.

These birds add so much to the "back yard," and should any little boy shoot at them, I sincerely hope their aim is poor.

## Dr. M. E. Dodd To Conduct Revival At First Baptist

Dr. M. E. Dodd, who will preach in the revival meeting at the First Baptist Church, Grenada, June 14th to 15th has been pastor of the First Baptist Church, Shreveport, Louisiana for the past thirty years. The church has a membership of over 5,000.

His previous pastorates were Fulton, Paducah and Louisville, Kentucky.

The church in Shreveport under Dr. Dodd's pastorate has grown from 750 to over 5,000 members; from gifts of \$500.00 annually to more than \$100,000.00 and from a \$500,000.00 building to a half-million dollar ten-story edifice, all of which is used solely for church purpose.

Dr. Dodd was a sergeant in the 2nd Tennessee volunteers during the Spanish-American War, and did welfare and religious service in Y. M. C. A. uniform during the World War, spending six months overseas. He is a member of the Chamber of Commerce, of the Masonic Fraternity and is a Rotarian.

He is past president of the Louisiana Baptist Convention, and was president of the Southern Baptist Convention, 1933-35. He is a member of the Executive committee of the Baptist World Alliance.

Dr. Dodd has been a popular radio preacher since 1921, his church having been the first church in the world to own and operate its own broadcasting station.

Thirty one tracts have come from his pen, seven of them published in foreign languages, all of which have had a distribution of over a half-million. He is the author of thirteen books, "Jesus is Coming Again," 1917; "Baptist Principles and Practices," 1918; "Jesus, the Lion, Lamb, Lion, Lord," 1920; "The Prayer Life of Jesus," 1923; "The Democracy of the Saints," 1924; "Concerning the Collection," 1929; "Missions Our Mission," 1929; "The Christ Whom We Worship," 1931; "Radio Revival Sermons," 1931; "Christ's Memorial," 1934; "The Gospel for Today," 1934; "Girdling the Globe for God," 1935; "Three-Sixteens," 1936.

In 1934 Dr. and Mrs. Dodd made a tour around the world visiting and preaching throughout Europe, the Near East, India, China, Japan, and the Hawaiian Islands.

In 1938 Dr. Dodd and Mrs. Dodd made an 18,000 mile plane tour of Latin America, circling the entire South American continent. This is said to be the first all air plane missionary tour in the history of the world.

## THE TRIANGULAR DIVISION CAMP AREA, A BEEHIVE OF ENDLESS ACTIVITY

### Eldridge Sheffield Parks Buried Here Thursday

Mr. Eldridge Sheffield Parks died in his home in Beat 2 Wednesday afternoon, June 3, 1942.

He was a native of Senatobia, Mississippi, having been born there on August 28, 1912, and was the son of Mr. and Mrs. E. H. Parks. His father is dead. His mother lives in Grenada. The family moved to Grenada in 1938. Until a year ago, the deceased was bookkeeper for the Lockett Lumber Company in Grenada. He and Miss Mary Lee Sharp, daughter of the late Mr. R. W. Sharp and the late Mrs. Bessie Phelan Sharp, were married in 1939. One daughter, Mary Bess, came to this union.

As this issue is being printed funeral services are being conducted in the Sharp home in Main Street, by Rev. W. L. Robinson, pastor of the Methodist Church, and Rev. G. E. Wiley, pastor of the First Baptist Church, Grenada.

Burial services were held at the cemetery here on Thursday, June 4, 1942, at 2 o'clock. Burial was in the new cemetery here. The funeral home was in charge of the arrangements. The casket was in the home of the deceased. The funeral was a private one. The family is being cared for by Mrs. E. H. Parks. The funeral was a private one. The family is being cared for by Mrs. E. H. Parks.

### Mrs. Corrine Goss Died In Pate Home Sunday

Mrs. Corrine Goss died in the A. S. Pate home in Grenada last Sunday, May 31, 1942.

She was about 58 years of age, and a native of Charleston, Mississippi. For sixteen years, she had lived in the home of the Pates where she was helped by the Pates with the Pate children and the Pates were helpful to her in providing her with a comfortable home and arrangement mutually satisfactory to all.

She was buried Monday, June 1, at Spring Hill cemetery, south of Grenada, with the Rev. W. L. Robinson and Rev. E. R. Henderson in charge of the services. The deceased was a member of the Holiness Church and was a devout member of the church.

The names of the pallbearers are not available.

### Grenadian's Father Passes

Mrs. C. A. Pharr accompanied Mrs. H. D. Lane, Sr. to Memphis on Tuesday evening in response to the message that Mrs. Pharr's father, Mr. Hatcher, had passed away. His body was taken to Memphis on Wednesday for burial in the side of his wife, who died several years ago.

Our sincere sympathy is extended to Mrs. Pharr in her hour of sorrow.

### Increased Population Here Causes Increase In Officers

The rapidly increasing population of this community has already resulted in the employment by the county of two new deputy sheriffs and one night policeman by the City.

Walter Young and Clayton Carpenter have been placed on outside police duty by authority of the Board of Supervisors, while Bill Lot has been put on night duty by the City. All of these gentlemen have had experience as police officers.

For the present, Mrs. Clayton Carpenter will look after the office work in the sheriff's office.

It is expected that the City will employ other policemen during the emergency.

### HOLY COMMUNION TO BE HELD AT ALL SAINTS SUNDAY

Rev. C. S. Liles, rector of All Saints Episcopal Church, announces celebration of Holy Communion will be held on Sunday, June 7, at eleven o'clock service.

Sunday school as usual at 9:45.

Local people are urged to look over their stock of printed matter so that we can get it out before the big rush of stuff from the camp activities starts. However, we are going to give priority to home customers, for they will be here when the camp is gone.

Our neighbors, the Dennis family, are mighty busy folks.

## The Senatorial Race

We are for Jim Eastland for the U. S. Senate and, for the first time in many campaigns, we seem to be with the majority of the people of this county.

We are for him for several reasons: first, though he was a "new" man in the U. S. Senate and precedent should have forced him to sit there like a knot on a log all of the short while he was there, he had the guts to get up and fight for the cotton farmers upon whose shoulders the prosperity of the State of Mississippi depends; second, because he is from our section of the State, a part of the state that has had precious little representation in the U. S. Senate in recent decades; third, because he is a young man filled with pep and ginger and physically able to stand the strenuous life demanded of a useful senator; and, lastly, because he is a "new face." We are tired of looking at the "old faces" whenever any political campaign starts.

We are not for Senator Doxey for several reasons: first, because he has been in Washington a long time, during which time the government has wasted enough money which, if used for preparedness (which, if he had sense enough to be there, he should have known was necessary), would have made this nation absolutely impregnable and which would have saved this nation the humiliation of being pushed about by the then despised Japanese, which would have saved this nation from participation in this war and which preparedness might have assured the perpetuation of our nation as a nation, an assurance we do not have today; second, because Senator Doxey and Senator Bilbo blow thru the same quill, and we do not like Bilboism and never will like it; and, third, he voted to pension himself, then defended his vote, then, when heat was applied, reversed himself.

Our objections to Ross Collins are just barely serious enough to cause us to vote for somebody else. If his colleagues had listened to Collins, we must say in justice to him, this country would not be pushed about as it is being pushed about today, for Collins was a great advocate of preparedness—a voice crying in the wilderness of colleagues who were asleep. But Mr. Collins is too old. Old age is honorable, but that's about all we can say of it. Collins is in Class 4-B—too much belly; too much bifocals; too much bridge work and too much fanny.

Roll-em Wall, no doubt, is a good man, and an able man, and about the only objection we have to him is that he comes from the "wrong" side of the A. & V. Railroad. Probably we should be for Roll-em, for we are both vets of the first World War and because we are usually in the same political camp, but we are not for him.

We know nothing of the fifth candidate, "Doc" Smith. It is entirely possible he is the best of the lot.

## Don't Do It, Gentlemen

There may be nothing to it, but we have heard that the city authorities contemplate laying out parking spaces between each side of the curb enclosing the city park and the corresponding curb around the outer perimeter of the public square; in short to have four parallel lines of spaces for parking on each of the four sides of the public square.

In our opinion this would add confusing to the already confusing traffic problems of the business section. In case of fire, one stalled car in either of these narrow lanes left for moving traffic might gum up the whole works.

People go to Memphis and nearly always have to park from two to ten blocks from the place they wish to go. In Grenada it would never be necessary to park more than three blocks away.

We realize that it would be desirable both from the standpoint of the driver and the merchant that cars be parked on the square; but parking space is strictly limited and it would never do to seek relief by further congesting the square.

It would help more today than ever for EVERY merchant and EVERY employee about the business section to leave HIS car at home, and not preempt space required by potential customers.

## "People Shake Their Heads At Every Grab They Make"

Says the Webster County Progress on this very interesting subject:

"They got away with it so long, the average Congressman seems unable to realize that with the country at war people are now shaking their heads at every grab they make. Editors are making merry over the recent X-gasoline rationing affair when some 300 senators and representatives accepted cards giving them an unlimited supply of gasoline when the man on the streets had to be satisfied with 3 to 6 gallons a week. One Mississippi editor points out that Congress doesn't meet until noon, and any man unable to get to work on street car or bus by that late hour needs some kind of nurse. In England members of parliament get salaries about one-fourth of that paid to American Congressmen and they have to be careful not to accept any privilege not accorded to the common variety of citizen. A columnist in the Jackson Daily Clarion-Ledger says: 'One reason why X-cards were dish out so freely on Capitol Hill was that a number of congressional wives acted as registrars.' Our guess is that the fall elections will witness the most startling political upheaval in American history. The present bunch 'can't take it' and some of them don't seem to know that a war is going on. There'll be a house cleaning!"

## Germany Must Be Crushed

The chief reason why the world is wallowing in a welter of bloody war today is that the Allied nations were too lenient with Germany in the war brought to a close two dozen years ago.

Five times in 75 years the Hun has cut loose first on his neighbors and next on the world at large. It was a tragic mistake to conclude the last war with a treaty in a pleasant French woods, instead of a Berlin or Potsdam. With the exception of early forays in East Prussia, not a hostile boot-heel trod on Germany in World War I. This one will not be settled right, or with any degree of permanence, until boot-heels trample all over Hundom.

As the last war drew to a close, when the German leaders, their braggadocio gone, came bowing and scraping to the Allied chieftains, only General Pershing urged that Berlin, among other German cities, be occupied.

Pershing realized that the German people knew little of the real meaning of war. Like the people in France and Belgium they knew hunger and cold, but they were totally unacquainted with the destructive phase of the fighting. Marching home the German armies left behind them the ruined cities of the countries they had hoped to conquer. They marched back to see their own fields, their own towns untouched by the ravages of war.

But the Allied nations in Europe were weary of the war and their leaders rejected the Pershing proposal. The Rhineland was occupied, but the rest of Germany saw little of the victorious soldiers.

To a decree this war is being brought home to the Germans. They are getting it from the air, from the RAF and soon, it is predicted, American bombers will be among the nightly visitors. Nevertheless, no hostile army has crossed the German frontier. There is a call for a second front, but whether one is established or not when the war ends with victory for the United Nations, Berlin or Potsdam, should be the scene of the peace-making.

It's all right to be generous to a stricken foe. But when the record shows that the foe regards generosity and kindness as weakness, the only thing to do is to him a good dose of his own medicine.

When the Japs went to war with America one of their leaders proclaimed the peace would be dictated in the White House. This was his way of stating the Jap intention not merely to defeat America, but to make the defeat so humiliating that we could never hope to recover from it. If the Axis powers should triumph, it's a good bet that Hitler would insist on dictating the peace either in London or Washington.

There will be no talk of kindness and generosity toward a stricken foe if the Axis wins. And the starry-eyed people now talking of a peace based on generosity and natural understanding had better use their noodles and recall what happened after the last war. We can't again take a chance on being kind to a foe who doesn't know the meaning of the word.

The future peace-time status of India, Germany and Italy is of no immediate concern to the United Nations. But we are concerned and very much concerned with defeating the Japs, the Germans and the Italians. That's the job that has been cut out for us and until it is accomplished nothing is to be gained from climbing to the top of the hill to look at the stars. The heavenly constellations will be doing business at the same old stand when the war is over. If we feel like taking a squint at them then all well and good.

But until we can use our telescopes without fear of a stab in the back, wisdom would seem to dictate that we keep our feet on the ground and our eye to the gun sight. Nearly 25 years ago we learned to our sorrow that a contrite and fawning Germany is not to be trusted.

We ought to have sense enough to know that this war can end in only one kind of victory if the victory is to be worthwhile. It's got to end with the Axis Powers blasted to the roots so that their people will know what war really is like.—Jackson Daily News.

## Watch Your Rental Charges

The news that Washington had clamped down on the would-be rent profiteers in a number of designated defense areas in the United States should be a warning to the property owners in the Grenada camp area. In the designated areas were reduced to the levels of certain named dates.

While we are not familiar with the law which permits the government to fix rents in defense areas, we feel sure that the government had the power, if it cares to exercise it, to come to the Grenada area and cause property owners to use the "rule of reason," where they have not been using that rule, in fixing rents.

We are sure that Grenada would be ashamed to have the government come here and MAKE our people reduce their rents.

## Hoffa's Dream Come True, Etc.

We recently received a letter from a gentleman who used to live in Grenada. He said that, when he moved from the country to Grenada 55 years ago, Will Hoffa greeted him and assured him that Grenada would have 15,000 population within his lifetime. It looks now as if Will Hoffa's prediction will come true, even if but for a short time.

This gentleman also spoke of seeing in the GCW about the ladies of the evening flocking in; he said, if he could call back a few score years, another citizen (himself) would flock in, for he used to delight in associating with the ladies of the evening.

## School Expansion

If it becomes necessary for City Schools to erect a new building, we want the school authorities and the City Council to think seriously of erecting that building, as a grammar school, in South Grenada—across the ditch, if you please.

It has frequently been said that there are more little kids on Govan and Adams than on any six streets in the older part of Grenada. We folks in the older part of Grenada must have gone out of season, or something. Anyway, we all know that there is a large number of little folks in South Grenada, certainly more than in North Grenada. Some of these kids are too little to walk thru the heavy traffic which Grenada will soon have, to the old school. Have you ever paused to think that, while the bulk of the population of Grenada is north of the ditch, the section south of the ditch is almost entirely populated by white folks, and that practically ALL the colored people are north of the ditch?

This suggestion merits serious consideration if it becomes necessary for Grenada to erect another school building.

## Two Fires At One Time?

Had you ever stopped to realize that Grenada HAS only one piece of fire fighting equipment, and that Grenada MIGHT have two serious fires at the same time?

Have you ever stopped to realize that Grenada has the same fire fighting equipment that it had when Grenada ended at Hoffa Ditch?

Have you ever stopped to realize that, no matter how good a Fire Chief we have and no matter how good a fire engine we have, that man and that engine cannot

## URBAN LEAGUE ANNOUNCEMENT FOR NEGRO CITIZENS

We have been requested to announce that the Urban League composed of leading colored citizens of Grenada, will meet at the negro high school auditorium Sunday afternoon at three o'clock. All members are urged to attend, and a most earnest invitation is extended to all negro citizens who are interested in the welfare of their race. Come to the school house Sunday afternoon at 3 o'clock.

Marguerite Rayford, Pres.  
Note by Mrs. W. W. W. It is the purpose of the Urban League to cooperate with the City of Grenada, using their influence for good and giving of their time and efforts to make adjustments made necessary by the great inflow of people, and in this case, of negroes. Their concern is great for their young people during this period. The negro has been and is, the burden bearer of the South, and with the thousands of people coming to Grenada and surrounding towns, the negro laborers shelter and food problem, must be given some intelligent thought. Think of the fatigue and the discomfort of working in rough country, in Mississippi heat and at the end of a long day, very little chance of having a nourishing meal or a comfortable place to rest. Wake up Grenada, about 18,000 people are knocking at your door.

## CARD OF THANKS

I am deeply grateful for the many kind attentions I received while in the hospital, the flowers, the calls and the inquiries about my condition. I am especially grateful to Dr. Ament and to those whom Mr. Whitaker calls the "Aint they sweets." Cordially,  
L. C. Howard.

## CARD OF THANKS

I wish to make public acknowledgment of my appreciation for the kindness of my friends; and the kindness and efficiency of the doctors and nurses during my recent stay in the hospital. May God bless each of you. Cordially,  
Frank Gibbs, Sr.

Grandpaw Fulton McRee is in a between season state of inactivity; too late to hunt and too early to harpoon.

be at TWO places at the SAME time?

While the citizenship of Grenada may not have realized these conditions, we are sure the fire insurance companies HAVE, and we are also sure that the deficiency in our fire fighting equipment is reflected in our fire insurance rates.

As much as we have said of old Hugh, we think we would vote for him if he ran for governor next year.

### ENGAGEMENT ANNOUNCED

Mr. and Mrs. Charles Law Gordon, of this city, are announcing the engagement and approaching marriage of their oldest daughter, Jane Elizabeth, to Lt. John Meredith Miller, of San Francisco and Hazelhurst.

The bride-to-be is a popular member of the social set of the Delta and is a frequent visitor to Memphis, where she has a number of prominent relatives. She is the granddaughter of Mr. and Mrs. Leslie B. James, of Memphis, pioneer Grenada county residents, and the late Mr. and Mrs. Charles Law Gordon, of Sardis.

Lieutenant Miller is the son of Mr. and Mrs. John Carlisle Miller, of Hazelhurst. He attended University of Mississippi where he was a member of Delta Psi fraternity, and was graduated in 1940 from the United States Naval Academy. For the past two years he has served with the United States fleet in the Atlantic and Pacific.

Miss Gordon attended Judson College, at Marion, Alabama, and completed her education at University of Mississippi, where she was pledged to Chi Omega sorority.

Plans for the wedding, which will be one of the outstanding social events of the summer season, will be announced later.—Sunflower Times.

### GRADUATES AT M. S. C. W.

Miss Virginia Anderson, of Graysport, daughter of Mr. and Mrs. H. G. Anderson, graduated with honors in the 1942 class at M. S. C. W. at Columbus, receiving a B. S. Elementary Education degree. This young lady has visited in Grenada in the home of her uncle, Mr. Frank Anderson and wife, and her friends here are proud of her outstanding accomplishments at college.

F. C. W. A. Woodall, Sgt. Lynn Williams, Sgt. Frank Tins, Sgt. Ruben James, P. E. C. Bedford Thomas and Cpl. Spencer Hitt returned to their camp at Camp Bowie, Texas on last weekend, (May 23).

Sgt. "Bubler" Echols and Frederick Treisman returned to Camp Bowie, Texas on Wednesday, June 3, after a nice visit with their parents.

Mrs. W. O. Geeslin and daughter, Gene, and Mrs. Darrow Horn, also Dr. and Mrs. Wiggins, of Greenwood, left on Wednesday for California to visit Mr. and Mrs. Leon Geeslin and Cpl. Clyde Horn at Riverside and at Glendale, California.

Miss Susan Proby, daughter of May and Mrs. Proby, also Miss Nancy McWine, of Scoley, both students at Blue Mountain returned home last week for vacation.

Mr. and Mrs. R. L. Vandiver went to Blue Mountain College on Sunday last to bring their daughter, Miss Sue, home for vacation.

Mr. and Mrs. W. V. Dubard and daughter, Miss Etoile have returned home from Texas, Miss Dubard having graduated from Mary Harding Baylor University last Monday.

Young men returning home from Miss State for the summer are Lawrence Allison, Billy Semmes, Bryan Baker, Jr., John Biddy, Ed McCormick, Skip Warner, Joe Thomas, Jr., came for the week-end to visit with parents, and he and his brother, James, Valedictorian of High School graduation class have returned to Miss State for summer school work.

William Winter, University of Mississippi student, spent the past week-end at home with his parents, State Senator and Mrs. W. A. Winter.

Miss Martha Bess Brown, of Jackson, spent the past week-end here with her parents, Mr. and Mrs. Ben Brown.

Mr. and Mrs. St. Jones of Greenwood, visited friends in Grenada last Thursday.

Musician Charles Clark, of Groton, Conn. spent ten days with his parents, Mr. and Mrs. Hubert Clark, leaving Monday of this week to return to camp.

Mr. H. L. Honeycutt, in response to a telephone message from her son, Lt. "Choppy" Andrews, went to Memphis Sunday to meet him as he flew a B-24 bomber into the Memphis port from his base at Barksdale Field. He was accompanied by his friend, Lt. Newton McWilliams, a young man from Clarksdale who, a year ago this week, went to Texas with Lt. Andrews for training. Mrs. Honeycutt, an aviation enthusiast described the landing of this giant bomber, and the reception given the crew by the large crowd at the airport, in words which proved not only her admiration, but her confidence in her boys and planes. Mr. and Mrs. Chas. Ferrell accompanied Mrs. Honeycutt.

The Whyte Whitaker family were most happy to have Rev. G. W. Christman, rector and president of All Saints Episcopal College, Vicksburg, as their dinner guest Sunday. Mr. Christman preached to the Episcopal congregation at the eleven o'clock service and after dinner, left on the one-thirty bus for home.

### MISS WILSON PRESENTED WITH DEGREE AT B. M. COLLEGE

Miss Vonette Wilson, Grenada, was presented with the degree of bachelor of arts and a diploma in piano by President Lawrence T. Lowrey at the sixty-ninth annual commencement of Blue Mountain College, June 1.

While maintaining a heavy schedule toward the degree of bachelor of arts, Miss Wilson was active in the Spanish Club, the Methodist Wesley Foundation Council, and the home economics club.

Miss Wilson is the daughter of Mr. and Mrs. H. C. Wilson, of Grenada.

Mrs. N. S. Craig left Tuesday for a visit with her parents, Dr. and Mrs. E. A. Crawford at Denver, Colorado. The children, Olivette and Norbert, Jr., will visit their grandmother, Mrs. Craig, in Como while she is away.

Rev. and Mrs. Robinson spent this week in Mathiston attending a Methodist training school and their six children, Guy, Eva Gene, Sue, Larry, Lucy and William are visiting their grandparents at Fulton, Miss.

Miss Virginia Echols, member of the school faculty as music teacher at Albertville, Ala., is at home for vacation with her parents, Mr. and Mrs. Barney Echols, at Tie Plant.

Miss Jessie Van Osdel, member of the faculty at Holmes Junior College, spent the past two weeks with her parents, Mr. and Mrs. W. S. Van Osdel, and has returned to Goodman to teach summer school.

Miss Hattie Hammond completed her High School ledger reports on Monday of this week and has gone to her home at Newton for a well deserved vacation rest.

Miss Camilla Smith is now clerking in her grandfather's Jewelry Store, Lickfold's, here in Grenada. Camilla attended school at Woods Junior College the past term.

Grenada regrets losing Mrs. E. L. Marders and daughter, Miss Gene Marders, who are, this week moving to Oakland to reside in the home formerly occupied by Mrs. Marders' mother who passed away recently. Mrs. Marders and her two fine children, Gene and Parrish Taylor, came to Grenada some ten years ago and after a few years, Mrs. Marders purchased the handsome brick home on Union Street, owned by Dr. R. A. Clanton. Here the family has resided. Mrs. Marders' son, Parrish Taylor, now resides in Birmingham, and works for DuPont's civil engineering department.

Mr. and Mrs. Foster and family, of Vicksburg, who have only recently purchased the Peerless Laundry, are to occupy Mrs. Marders' home and Grenada welcomes these splendid citizens.

Mrs. John Martin has rented the apartment she occupied in her home to some of the new citizens and is living in the home of Mr. and Mrs. Will Salmon.

Mrs. Bill Fedric, of Newbern, N. C. is visiting her parents, Mr. and Mrs. J. H. Neely. She came by way of Birmingham and after a brief visit in the home there of her brother, Joe Neely, Jr. and family, and accompanied by them, arrived home Sunday. Mrs. Joe Neely, Jr., and little daughter will spend this week here with the Neelys and her father, Mr. Dave Dogan.

Miss Loree Atkinson, of Pensacola, Fla. is visiting her mother, Mrs. Eugene Atkinson at the family home south of Holcomb this week. She was accompanied to Grenada by another former Grenadian, Mrs. George LePard, nee Katie Hall, who will visit relatives here this week.

Ensign and Mrs. Linden Wright, of Cleveland, Ohio, accompanied their mother, Mrs. Willye West, upon her return trip home after her visit with them, the past week. They came to Memphis with Mrs. West, stopped there for a brief visit with relatives, then came to Grenada Saturday where they visited until Tuesday morning when they returned to Cleveland.

Mrs. E. L. Betz and her three daughters, who reside in Memphis, Miss Maydel, Mrs. Ralph Hughes and Mrs. Fletcher Klink, returned home Monday from Mobile, Ala., where they visited their son and brother, Pvt. E. L. (Billy) Betz, in camp at Brookley Field. Billy has just returned from Minneapolis, Minn. where he completed a special training course, making highest grade in class.

Mrs. G. D. Ross, Mrs. Raphael Semmes, Mrs. Frank York and Mrs. Lella Pearson spent Tuesday in Memphis.

On Friday, May 29th, Pvt. William L. Weissker arrived home to spend the week-end with his wife, Frances Weissker, who is now attending summer school at Holmes Junior College. Pvt. Weissker has been stationed at Keesler Field since the first of January. He returned to camp Sunday afternoon with Pvt. Grady Green.

### DOES YOUR CAR SHIMMY

at  
certain  
speeds?

If so, you probably need accurate wheel balancing. It's a long story.... we haven't space to tell it here.... but wheels must be in static balance and in running balance, too.

We correct for both. Our service is inexpensive, and stops shimmy, tire gouging, and wheel tramp. If you're all worn out after a day behind the wheel, if your car "goes into a dance" at certain speeds, you'll find the answer in this service. Drive in today.

### FINAL MEETING FOR THE YEAR FOR FORTNIGHTLY CLUB

The natural charm of the rustic garden at the home of Mrs. C. C. Cuthbert furnished a delightful background for the last meeting of the Fortnightly Club when, on Wednesday last, sixteen members gathered at noon to enjoy a delicious luncheon. The garden has a newly built pit and oven, also brightly colored, new blue and white furniture, chairs and lounges, making an ideal place for entertainment.

The Fortnightly Club does a splendid job of furnishing milk to undernourished children during the school year. They gave 73 children milk the past school term. The "B" conducted by Viola Quinn proved most pleasant, as it was a review of the club's activities, including programs, social affairs and past accomplishments. Thirteen new members were announced and Mrs. James Rayford Brown, Edith Johnson and W. K. Kuback.

Officers for next year, beginning in September, are:

President, Mrs. J. D. Quinn; Vice President, Mrs. Rogers Burr; Corresponding Secretary, Mrs. John E. Murray; Recording Secretary, Miss Edith Wilkins; Treasurer, Mrs. J. V. Dillard; Reporter, Mrs. Harold Sanders; Parliamentarian, Mrs. J. D. Brown.

The hostess, Miss Quinn, gave pictures of the group.

Respectfully,  
Mrs. Ethel B. Thomason,  
Deputy County Supt. Educ.

6-4, 11-130w.

Col. Kahn was a recent visitor, and reported that he could not be born again, that he was going to Mike Conner when he died. That kicking machine, however, certainly kicked the last trace of Bilboism out of the Colonel several years ago. He used to think that the sun rose and set in Bilbo but, like Sax Weir, learned better.

## Sheriff Issues Warning To Vice Operators

Sheriff Hayward is issuing official warning that he and his force will not knowingly tolerate the operation of gambling devices in Grenada county; that he will recommend to the Court the imposition of jail sentences upon those convicted of operating such devices as well as upon those who are convicted of selling liquor.

He also warns that truck loads must be kept within the limit imposed by the tax; and, further, that out of state car owners MUST secure Grenada county tags for their cars or trucks.

Sgt. Charlie Gaston, of the "Home Company" at Camp Bowie, Tex., is at home for a visit with homefolks.

Mrs. James Russell Lockett and little daughter are now visiting their parents and grandparents in Meridian. Mrs. Baker, sister of Mrs. Lockett accompanied them.

## Family Get Together Held Last Sunday

In the home of Mr. and Mrs. B. E. Carithers near Charleston, last Sunday gathered all of Mrs. Carithers' brothers and sisters, Mr. and Mrs. Howard James and two children, Mr. and Mrs. Henry James and children, also their daughter-in-law, Mrs. Henry James, Jr. and Mrs. Monroe Williams and children, of Grenada, Mr. and Mrs. Horace Caffey, of Lambert.

About noon time they all went to Camp Tallaha and spread a picnic lunch, which was enjoyed by all who attended. After the children ate, they went in the water for a swim, which the others sat on the banks of the beautiful lake and eagerly looked on. Pictures were also made.—contributed.

## A Short Tribute To a Friend Of Many Years Standing

I cannot let this opportunity pass to say a few words in commendation of the life lived by the late Scott Woods. Have known Scott Woods well and favorably for about thirty five years and have never known of his being in any serious trouble. Of course, he was human, and being human, he was liable to Err—for to Err is human, but to forgive is divine and I do not know that Scott held a hard heart against anyone who differed with him. Life is a strange thing to all of us—we have nothing to do about our coming into this world nor about our going away, but the thing the greatest interest to us, should be, is how we live our life. I don't know that a better tribute can be paid one, than at his death or after having been put into his tomb, for his friends and acquaintances to be able to say "There lies a man." God's noblest work—made in His own image and fashioned after His form—what a glorious thing to contemplate and when His glory we shall behold and see Him face to face in all His majesty and beauty. May Scott Woods' soul rest in peace and when the Saints of the Lord come marching home—farewell, for a while to our friend.

From a friend to a friend.  
W. D. Salmon.

Congratulations to the officers and workers of the local USO for being among the very first to obtain the quota. In fact, Grenada supplied several hundred dollars more than its quota, did it with very little direct solicitation, and did it a month or more ahead of time.

We understand there has been a substantial wage increase at the hosiery mill. Why this increase was made is a matter that needs no discussion here. In fact, we do not know.

The van guard of an immense army of workmen, eventually to number about 10,000, has reached the Grenada area. Wherever they are going to stay, nobody seems to know.

Much obliged to Brother Salter for showing Horn something about an electric motor.

We have just been reading a copy of the London Daily Mail—weekly overseas edition—and certainly enjoyed it. We were struck with the fact that its entire front page was filled with ads. It is considered almost a crime for a newspaper in this country to put any ad on its front page.

Dr. F. L. McGahy, the new County Health Officer, made a good start by subscribing for the GOW. When he and I were tearing our shirt for Mike Conner, he was a regular subscriber. I am sure, I do not know whether he is or not.

Things are much quieter down in West Ward these days (and nights), we hear.

Two hundred miles of rubber from four wheels gone. A lady just slammed on her brakes unnecessarily. Oh me, she will soon be walking.

The Ferdinand Club was complimented with a party by Earl Burkley last Monday evening.

Several other ladies of the evening, we are informed, have arrived in Grenada.

It should be remembered that the County Health Unit is NOT to be called to treat ailments at all. If contagious disease break out, it is its duty, after investigation, to quarantine, or vaccinate. The private doctor's business is not to be molested.

We have not had to use any of our own paper for copy paper in a long time, as we save the various releases from State and government agencies.

Aint they sweet.

"Sorry, there are no apartments in Grenada" is something we are going to have put on a phonograph record, as we have to say it so frequently. It is a great pity that the government agencies do not permit some people (who were willing to do so) to build a bunch of small houses here.

Wonder if Major Wade has forgotten how to play Ferdinand.

Dear Whyte, Jr. It looks like it is pretty hard to get a birth certificate for you so that you can go ahead and get into the Air Corps.

Dear Andrew: If it does not suit you there, come on back home.

Well, by good luck and the continued indulgence of our creditors, we have gotten by another first of the month.

By the way, it would be highly appreciated if the people we owe monthly household bills (we don't owe any other kind) to, would come ON THE FIRST DAY of the month, so that we can grin and bear it all in one day.

McKell sent in a check for another year. He now lives in Jackson.

Here Mr. Top, of Mr. Hooley White runs for governor lets you an me git behind him.

The sheriff has closed up all of the open saloons near Grenada. The whiskey heads now have to use irreplaceable rubber to go up into Yalobusha county where flicker costs two bits a pint more.

Elmer Davis delivered himself of a defense of the members of Congress on his radio broadcast Sunday afternoon. It will take more than Elmer to make folks forget X-cards, pensions, and the terrible unpreparedness of this country which Congress was responsible for. If Congress had spent the billions it wasted, this country would be so well prepared and so well armed that no country or no combination of countries would dare offend the USA. As it is, we have been pushed about by the heretofore despised Japanese, like an old fashioned tumble bug pushed about his spherical burden.

Max Juchheim will report to Shelby Sunday to be sent to some aviation field to train to be a flyer, having passed all necessary examinations over two months ago.

## Fundamental Rights Enjoyed By American Citizens

We, as American citizens, enjoy certain fundamental rights. Among these rights are equal and exact justice to all men, freedom of religion, freedom of speech, and press, freedom of assembly, freedom of persons under the protection of the habeas corpus, and trials by juries impartially selected.

These principles must be preserved from the ruthless forces which seek to destroy them. It is for these rights and privileges that America looks to us. We are trying to hold high the light of progressive civilization in a world that is tottering. Humanity is hanging breathless on our fate. Ahead of us are the children of the next generation. We are the torchbearers of liberty. And we must not fail!

MacArthur looks to us. He must have guns, planes and tanks. They

James Thomas

must roll from the assembly line; ships must slide down the ways in ever increasing numbers. When the smoke of battle has cleared away, may our soldiers not say, "We had too little, too late."

"America, the land of opportunity! Imaginations have been fired; hearts have beat a little faster at the sound of these words. America is a heritage, a land of equality and freedom. She is yours and mine to enjoy, to preserve, to enlarge upon, to improve, and when we are done with her to pass on to posterity finer and more glorious than we received her.

Freedom of religion—the right to worship God in His eternal beauty in whatever way we choose. True worship must come from a love of God. No law, decree, or rule can ever establish a religion.

Freedom of speech and press—the right to say and print whatever we please so long as what we say is true. Fair trials by juries impartially selected are guaranteed to all regardless of race, nationality or political beliefs. It is hard for us to picture a life with out these great principles. Today, millions in Europe dream of these great natural human rights but dare not advocate their spread or advancement.

We Americans must wake up and realize the seriousness of the situation, the gravity of the responsibility that rests upon our shoulders, and with new strength and courage carry on this fight for freedom. As Thomas Paine once said of another great crisis, "There are times that try men's souls." Our country, our homes, our way of life, and all the other things which we hold dear are being threatened from within and without. We must meet this challenge unflinching.

Youth faces a new world with the knowledge that each problem must be met as it arises. Youth faces this new world knowing the complex existence in which we find ourselves is made up of many situations—and that each has its relative importance in the scheme of living.

So as we graduate from High School this year, along with thousands of other young men and women, all of us making up the group of Youth, we graduate amidst the din and confusion of a war-torn world—with lightning like changes.

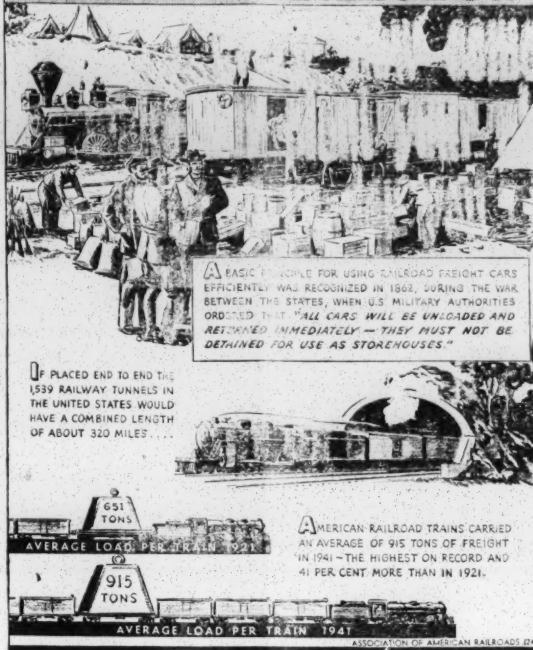

We hope to contribute our part in the preservation of the freedom which we as Americans cherish, and we hope to do our part in the new world which is taking shape.

What has the way a person parts his hair to do with the efficiency of that person, is a question being asked by many people of Grenada.

Mrs. Jennie DeLoach Johnson, of Greenwood, who used to beat me to make me study, was a recent visitor to our den. If the teachers would use more peach tree switches and less folderol today, pupils might learn more.

One good thing about myself is this: I will never be fired because the boss doesn't like the way I part my hair, for I have no hair.

Ships of the Destroyer type comprise the bulk of our fighting ships in the American Navy. Their average displacement is about 1800 tons, and they are fast, powerful, and hard hitting. They have been particularly effective in convoy duty and gave a good account of themselves in the Coral Sea engagement. They cost approximately \$3,600,000 each.

### Franklin's Creed

I believe in one God, the creator of the universe. That he governs it by His Providence. That He ought to be worshiped. That the most acceptable service we render to Him is doing good to His other children. That the soul of man is immortal, and will be treated with justice in another life respecting its conduct in this. These I take to be the fundamental points in all sound religion.—Franklin.

## We Can All Be EXPERT BUYERS

● In bringing us buying information, as to prices that are being asked for what we intend to buy, and as to the quality we can expect, the advertising columns of this newspaper perform a worth while service which saves us many dollars a year.

● It is a good habit to form, the habit of consulting the advertisements every time we make a purchase, though we have already decided just what we want and where we are going to buy it. It gives us the most priceless feeling in the world: the feeling of being adequately prepared.

● When we go into a store, prepared beforehand with knowledge of what is offered and at what price, we go as an expert buyer, filled with self-confidence. It is a pleasant feeling to have, the feeling of adequacy. Most of the unhappiness in the world can be traced to a lack of this feeling. Thus advertising shows another of its manifold facets—shows itself as an aid toward making all our business relationships more secure and pleasant.

## HOUSEHOLD HINTS

When cotton sheets begin to wear out in the center, rather than sew the outside hems together, make two pillow slips of the two good ends.

To protect posts against termites, soak them (the posts, of course) in fuel oil before putting into the ground.

To help preserve the color of beets and red cabbage when cooking, use a tablespoon of vinegar to each quart of water.

Violent boiling destroys most vitamins. Control heat carefully while boiling food.

Put sugar in the cup before adding tea or coffee and you can use a smaller amount for the same degree of sweetness. The hot beverage immediately melts the sugar and no undissolved grains are left in the cup for the housewife to wash down the drain.

Pineapple and peach juices mixed in ginger ale make a delicious punch. Add the ginger ale at the last moment and serve in glasses or a pitcher half-filled with crushed ice. The ice is needed to dilute as well as to chill the beverage.

Light-colored leather seats on chairs should be washed frequently. Make a lather of warm water and mild soap, apply this on a sponge to the leather. Wipe with a clean cloth. Repeat until the lather comes off clean, then wipe dry and polish with another soft cloth. See that the chairs are perfectly dry before they are used.

### Kidneys Must Work Well-

#### For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.  
If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.  
Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.  
Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

## Novel Fabrics, Bright Colors Combined in Youthful Skirts

By CHERIE NICHOLAS

THE skirt-and-blouse fad which has been going the rounds among the younger crowd is gaining momentum. More than ever the fashion picture for summer is showing up this trend to gay skirts of peasant extraction with dainty feminine blouses or with blouses that are frankly colorful and casual for practical wear.

"The more the merrier" is apparently the prevailing sentiment among youngsters who are making it their hobby to acquire skirt-and-blouse collections made of most unexpected materials. In their skirt wardrobes you'll find skirts of patchwork calicoes that look as if they had stepped right out of grandma's quilting bee into the "bright lights" of the fashion world. Then there are the flamboyant flowered prints that revel in eye-smashing gypsy colorings, the skirts made of ordinary flour-sack muslin dyed in vivid reds or greens or purples, and the new bordered effects that give you bandings of embroidery or print to finish off wide-skirted hemlines.

From the way young-girl fashions are carrying on at present it is self-evident that no teen-age or little-sister wardrobe will be complete unless it includes a generous quota of dirndls or variously styled skirts. Some will feature the popular broomstick types, with others it will be suspender effects (many colorfully embroidered) or some other spectacular stunt either in way of a wide embroidered band or a band of applique flowers finishing off the hemline. Of course, the collection will include a skirt concocted of materials in all the colors of the rainbow sewed together, not hit or

miss, but with consummate artistry.

Here, in the above illustration, you will see several skirt types that are holding forth in the sphere of youthful fashions as demonstrated at a recent style-clinic display at the Merchandise Mart in Chicago. One of the most popular types, which is making a repeat engagement this summer, is the patchwork skirt which is more highly colorful and eye-intriguing than ever. It is interesting to note that whereas last year's dirndls achieved their patchwork appearance entirely through printed pattern, this year's dirndls have the patchwork actually sewn together. The pieces for the skirt pictured are red, green and yellow all with the same flower motif.

A practical and likable idea is seen in "sister" skirts which illustrate the possibilities of related fashions for all the family. As you see pictured these sponsor the practical suspender versions. Embroidered bands contribute gay color. In this employment of band trimmings there's a message of important fashion news.

Perhaps the sturdiest types in the all-important skirts made of washable fabrics are those of blue denim. Some are neatly tailored, have self belts and buckles, deeply squared or rounded pockets designed entirely to be utilitarian service.

Skirts in a dressier mood are of white jersey, or spun rayon and slinging textures that are kneaded in cross-stitch embroidery done in a Russian technique. Other outstanding features point to gypsy print skirts that have broad bands of the same bizarre print. Stripes, too, are seen everywhere.

The flower idea is especially announced by wee hats (if they can be called hats) which consist of nothing more than a huge cluster of flowers arranged on a wide bandeau, so that the flowers pose over the brow in a stunning bouquet. These flower fantasies are entrancing, and their enchantment is increased by whiffs of colorful veiling.

The newest white frocks take on elaborate appliques of cutout print flowers, and the latest white jersey swim suits boast flowery surface decoration.

### Colorful Purses Feature

#### New Initials of Plastic

Exotic, dramatic shapes, as well as versatile media and bizarre color, distinguish the new bags. They are done in everything from straw to plastic. There are such bold color combinations as lime green with scarlet or color-bright wood beads worked on multicolor striped linen or spectacular cotton backgrounds. Novelty closings of plastic or wood are also featured.

The most striking color touch of all is offered in the new initials which you can buy in the handbag sections or at jewelry counters. These are of plastic instead of metal, and you can get them in almost any color you desire. Red on black or on white is stunning.

## PREPAREDNESS

by the AMERICAN RED CROSS

TO THOUSANDS of Americans seeking news of their families and friends in war-torn countries, 25 words on an official Red Cross form have meant all the difference between hope and despair.

Ever since the outbreak of the war, the American Red Cross has been for many people the only medium through which they could get news of their relatives in Poland, Holland, Belgium and the other occupied nations. Even when the news has been bad, even when it has been the worst possible, it has at least meant a merciful release from torturing anxiety and uncertainty.

For a while it was possible in a few cases to maintain contact by letter over long roundabout routes. Since America's entry into the war, all remaining avenues of communication have been closed. Today, under the rules of the United States Office of Censorship, personal messages to residents of enemy or enemy occupied territory may be forwarded ONLY through the Red Cross inquiry service here and the International Red Cross committee in Geneva, Switzerland.

Regulations governing the sending of one of these messages from the United States are that the communication, which should be filled in at a local Red Cross chapter, must not be more than 25 words, and should be in English. If it is written in a foreign language, an English translation must be attached.

The United States Office of Censorship rules that no mention may be made of politics or military subjects, defense materials, shipping or weather conditions, business matters or geographic names.

But even the strict regulations cannot rob the brief message on the International Red Cross form of its human warmth and drama. The original message, made out in some local Red Cross chapter here, goes on its long and slow journey across ocean and continents. Space is provided on it for a reply message, to be returned to the original sender.

### NORSWORTHY WEBSTER

Mrs. Fielder Webster announces the marriage of her daughter, Rebecca, to Edgar Evans Norsworthy, Jr., son of Mr. and Mrs. J. C. Neely, of Grenada. The wedding was held at the First Methodist church with the Rev. J. E. Stephens reading the sacred vows in the presence of the immediate families.

The bride wore a blue and white tulle gown and carried a bouquet of white flowers. Her accessories were white. The wedding was solemn.

Mrs. Norsworthy was graduated from the Greenwood High School and attended Belhaven College in Jackson. Prior to her marriage she was employed by the Mississippi Power and Light Company.

The bridegroom is the son of Mr. and Mrs. J. C. Neely, of Grenada. He is a graduate of Mississippi State College, where he was a member of the Beta Kappa Fraternity.

After a short wedding trip the couple will make their home in Grenada, where Mr. Norsworthy is a supervisor in the Mississippi Power and Light Company.

## WAR BOND QUOTAS

FOR JUNE

WASHINGTON, D. C., June 1.—Henry Morgenthau, Jr., Secretary of the Treasury, today made known June War Bond quotas for the 3,070 counties in the nation to all State and County War Savings Staffs.

The June quota for the State of Mississippi is \$4,202,300.

The county quotas, based upon a substantial increase over May quotas, are expected to reach ten per cent of income when the nation goes on a billion-dollar-a-month War Bond basis in July to help meet the war cost. "Everybody, every pay day, ten per cent," is the battle cry throughout the country. You can buy War Bonds at your Bank, Building & Loan Association, Post Office and at many department stores.

Quotas by counties are:

### Seen, Heard and Told By The Editor

"Miss" Blanche Davidson came down to Grenada Friday to meet her sister who was coming in from California.

Our Tennessee Jacks subscriber, dined if we haven't so many of that tribe I have missed his first name, was visiting home folks recently, including Mr. Moon Jacks.

Grenada has reached the saturation point. It is as full as a tick which has been on a fat cow.

I have a durned splinted in my toe, walking around the house barefooted.

Sombody must be beating Brother Blakeley to the mail box as he reports getting the GCW every now and then. Folks who would spurn stealing gold would steal the GCW, Brother Blakeley.

dere mr top, du yu gess mr doxy wud let sum of his friends git sum gas with his x card?

There is no use in anyone kidding themselves about having the camp located here. The War Department located it in this area because this area was the better of other areas investigated, and for no other reason whatever.

Some of the wimmen thought that the government was going to erect a huge building on the reservation for the twilight sisters and the ladies of the evening. We are sure this is a mistake.

Sax Weir stated that a number of hide-bound Bilboites have been into his shop looking for that machine that Sax used to kick the last trace of Bilboism from his system. This X-card and pension racket would beat even old Bilbo this year if he should run. He is dead now, but the son of a gun has more lives than a tom cat. He will be drawing public pay the day before they screw him into the grown down at Juniper Grove, Pearl River County, Mississippi.

L. J. McCain, of Route 5, is taking another dollar's worth of the GCW. He saw 5-42 on his paper and knew that his subscription was out. Why can't other people read that well?

Methodist preachers are not the only kind of preachers who can put away chicken. We fed a young Episcopal rector Sunday and he can put any Methodist in the shade when it comes to interling fried chicken in a human mausoleum, if that's the way to spell it.

Churchill said that England could "take it" and, at the proper time, would give it. The City of Cologne can testify to England's ability to give it, as it was left in a much worse shape than Coventry was left by the German airmen last year.

I heard a good deal at the barber shop that I dare not repeat, for I might get in jail, or beat up.

Mrs. George Brewer of Woodville, sent in a check for a buck's worth of GCW which is five-twelfths of a year. Welcome back into the fold, Sister Brewer.

Horn and Greenfield certainly did not get into any devilment last week-end for they were snowed under with work. Keep them busy this "in coming" week-end. Help save those sinners to salvation.

Pvt. Grady Green, of Keesler Field spent the week-end at home in Grenada. He looks fat and sassy. Pvt. Preston Vance also was here during the week-end.

You help someone you know when you contribute to the USO.

The stork has more prospective business in Grenada than he has ever had before. Maybe, it's the war.

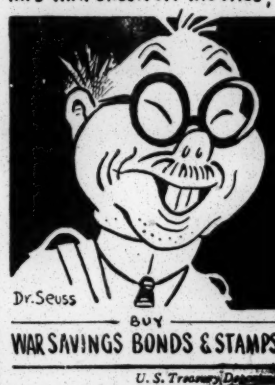

There is more dissatisfaction about our representatives and senators in Washington than we ever saw before. That pension bill and those X-rations cards for gasoline are going to act on the majestic capitol like a dose of croton oil, purge it clean.

Miss Willie McCaslin dropped a dollar in the till recently. She has about three acres and makes more raising dogs, gold fish, chickens, heifer calves and perhaps frogs for all I know, than most farmers make on a thousand acres. For the latter crowd usually goes busted sooner or later.

Aint they sweet.

### WIPE THAT SNEER OFF HIS FACE!

Jeff Staten was a welcome visitor Saturday when he brought in two bucks to renew Mrs. Perry's subscription.

## ANNOUNCEMENT . . .

Dr. Wheeler Johnson, Chiropractor, announces that he has bought out the equipment, and the lease on the office of Dr. G. L. Johnson, Chiropractor, in the Masonic Temple, and will be on duty there henceforth. Phone 242

## IMPORTANT NOTICE

Under the Credit Regulations as issued by the Government through the Federal Reserve System, effective as of May 6, 1942  
WE ARE NOT ALLOWED TO ADD TO AN ACCOUNT WHICH HAS NOT BEEN PAID BY THE 10th OF THE SECOND MONTH FOLLOWING PURCHASES.

As an example: May purchases must be paid IN FULL by the 10th of July.

All open accounts prior to May 1, 1942, shall be treated as May purchases.

Our regular terms, of course, provide for payment of an account by the 10th of the month following purchases, and where this is done there is no curtailment by the Government of the use of the account.
